

National Transit Institute (NTI)

COVID-19 Policy

Section 1.1. Important Notice: An inherent risk of exposure to the SARS-CoV-2 coronavirus and the disease it can trigger, COVID-19, exists in any public place where people are present. SARS-CoV-2, through its many variants, is a contagious virus that can lead to severe illness and death. According to the Centers for Disease Control and Prevention, senior citizens and those with underlying medical conditions are especially vulnerable. By participating in this NTI event, you voluntarily assume all risks related to COVID-19. Rutgers (NTI) makes no warranties that the training facilities, which are owned and operated by third parties that Rutgers (NTI) does not control, will be free of the SARS-CoV-2 virus, or any other viruses or pathogens.

Section 1.2. Hold Harmless: You agree to release Rutgers (NTI), its governors, trustees, agents, and employees (collectively, "Indemnitees") from any and all damages, liability, claims, expenses, or loss (collectively, "Claims") resulting from or arising out of the potential exposure to contagious viruses like the SARS-CoV-2 coronavirus during your participation in this NTI event, and to indemnify and hold harmless the Indemnitees from any Claims resulting from or arising out of the same. You understand that by participating in this NTI event, you are assuming the risks associated with congregated groups of people, as in any group environment, those risks include potential exposure to communicable diseases, including but not limited to the SARS-CoV-2 coronavirus.

Section 1.3. Health and Safety: All participants in this NTI event are required to act in a manner that demonstrates respect and consideration for those around them, including respect and consideration for the health and safety of others. Participants are required to comply with health and safety laws, orders, ordinances, regulations and health and safety guidance adopted by Rutgers (NTI) or the training facility owners or operators. This guidance may include, but is not limited to, social distancing, wearing a face covering, diagnostic and surveillance testing (including before or upon arrival to this NTI event). Adherence to any health and safety requirements that Rutgers (NTI) or the training facility owners or operators reasonably deem appropriate applies to all participants in this NTI event.
